Flat completely refurbished and very well located 1 minute walk from the Balcón de Europa and 4 minutes from Torrecilla beach. It consists of 2 bedrooms, lounge dining room, open plan kitchen and bathroom. It also has access to the communal terrace and has a private storage room with water outlets for washing machine and to hang the clothes in this terrace. Although it is very bright, it is important to take into account that the windows overlook the inner courtyard of the building. It is a first floor without lift. A great price with excellent location in Nerja.
