Positioned along a gentle rise overlooking golf and the Mediterranean shores that lay less than a kilometre away, it is an exclusive new residential complex that has distinguished itself for its concept, architectural design and lifestyle features. The 24 properties are beautifully styled and finished with the finest materials, offering a choice of 3 and 4 bedrooms with 230m<sup>2</sup> plus terraces. In addition to creating visually impactful modern villas that are also practical and easy to maintain, the painstaking attention to detail has produced gorgeous open-plan interior living spaces that spill out onto the terrace, salt water swimming pool and garden. Combined with clever orientation that blends impressive sea and golf views with privacy, this complex provides the ideal setting for the Marbella way of life. This truly special project created with vision and passion also enjoys the full range of concierge services available as part of the living concept.
