The impressive Villa Sail is located in a paradisiacal protected natural area, with an incredibly modern and elegant design, simulating a huge ship. Its excellent location, slightly elevated, allows you to enjoy probably the best panoramic views of the Costa del Sol. In addition, its well thought out design with large windows allows you to enjoy the myriad views of the sea and the mountains from each of your stays. In addition, the house itself has everything you need for a modern and especially comfortable lifestyle, being able to comfortably accommodate the whole family without a doubt, and with a wide range of leisure activities, from the incredible swimming pool to the gym, sauna or indoor pool. Let's not forget that although it has several floors, all are connected by a qualitative elevator. Finally, we cannot fail to mention the impressive outdoor space, where you can enjoy the relaxation, tranquility and good weather that the Costa del Sol offers all year round.
