This new villa construction project is located in Empedrola, a quiet urbanization but well connected to the centre of Calpe, with all services and amenities just a 10 minute drive away. With a south-west orientation and panoramic views to the Bernia mountains, this house is located in a quiet area. This design has three en-suite bedrooms, one in the lower floor and two in the first floor. There is a huge living room with a modern open kitchen. Outside, there is a car port and the impressive infinity pool, the perfect place to enjoy the stunning weather in Calpe and the beautiful views to the mountains. In the lowest level of the house, accessible from inside the house and also from the garden, we find the parking area, the machine room and a separate room that can be used as a storage room. The project offers the client to adapt and personalize the design to their own preferences. The build will be to the highest modern specifications. Plans are available on request. This new villa construction is one of the many properties that we have to offer on the Costa Blanca. We also offer a property finding service to help you find your ideal property. Whether you are looking for an
