This incredible modern mansion is located in the safest and most heavenly complex in Europe, given its slightly elevated position, with impressive panoramic views of the sea, the African coast, Gibraltar and the mountains. The same elevated position makes this villa one of the most private of the existing ones, as there is no property above it. As for the mansion, it must be said that it is an authentic work of art, created by well-known architects and designers. It has 8 bedrooms, as well as offices, apartments for staff and guests equipped with everything necessary to obtain absolute comfort. Also, very large spaces divided into a living room, a TV area, and a spectacular designer kitchen of the highest quality. We cannot fail to mention the leisure and relaxation areas, ranging from a cinema to a hammam, sauna or indoor pool. The outdoor areas are made up of incredible, specially cared gardens, as well as a magnificent heated infinity pool. In addition, it has an outdoor dining room and a beautiful barbecue area, where you can gather all the family and friends to enjoy the good weather and the more than 320 days of sunshine that this area offers us.
