Cozy 2-bedroom ground floor apartment with a terrace, located in a private urbanization. The apartment is fully furnished and the kitchen is equipped. The building only has 3 floors including the ground floor, and the entire urbanization is currently being renovated. It has 2 large bedrooms, with beds and fitted wardrobes. The kitchen has all the electrical appliances, for greater comfort, so you can prepare the dish that you like the most. Then you go to a bright and spacious room to meet with the family and watch television. With direct access to the terrace, with partial views of the pool, with enough space to prepare a good barbecue, have a snack, have a drink or read a book while sunbathing. The whole house has centralized air conditioning with heat pump. To enjoy the best temperature depending on the weather. It is an ideal urbanization to invest or live, you have many possibilities. The apartment has a community pool, so you can take a good bath, but the good thing is that the apartment is located away from the noise of the pool, so you can enjoy it without being disturbed. It is very easy to park since in the urbanization there are many spaces on the street. It also has the...
