This is a collection of six exclusive luxury villas in the Cascada de Camoján residential area, nestled among the foothills of Sierra Blanca in the heart of Marbella's Golden Mile. The homes will all be located inside a gated complex at the highest point in the area, in a beautifully quiet setting and surrounded by greenery on all sides for full seclusion. With the mountains at its back and the sea in front of it, forming part of one of the best gated communities with 24 hour security measures in Marbella, Camoján Six is one of the most secure and private residential complexes in Marbella. Meticulous attention to detail has been paid to create a new concept that's fresh and innovative yet very much in keeping with the exclusive Marbella market. This superb project consists of four fabulous large semi-detached houses, with sweeping views of the mountain and out to sea, and two spectacular free-standing villas.
