This mountain side finca consists of three houses set in a wonderful natural environment with panoramic views down the valley as far as Gibraltar and North Africa. It is accessed via a winding track just three kilometers from the picturesque white village of Casares. The location is 18kms inland from Estepona and Sabinillas on the Coast. A gated drive leads down to the main house which has three double bedrooms all with en suite shower or bathrooms. The entrance from the covered terrace leads into the main living area with wood burning stove and rustic open plan kitchen. Adjoining this room is the dining room with large windows looking out over the valley. There is also a double bedroom with shower room on this level. Downstairs is a study/library, second bedroom with shower room and the large master bedroom suite with family bathroom. There is another terrace off this main bedroom. Both the guest cottages are located within the grounds and each comprises a double bedroom, bathroom, living/dining room and kitchen. In addition both cottages have their own swimming pools. The cottages provide a healthy rental income. A sable block and single garage
