You can make the life you have always dreamed of come true. Enjoy morning running sessions, relax in the residential pool, share lovely meals with friends and family at the Social Club and have fun with the little ones in the children's areas. All this in an exclusive environment, just a few steps from peaceful rounds of golf. The buildings and architecture stand out for their great elegance and contemporary style, captivating all who observe them. This residential space fuses the concepts of golf, sea, architecture and life to create a lifestyle with its own character. Single-family homes and apartments coexist in a private urbanization where living is synonymous with dreaming. The residential has homes with 2, 3 or 4 bedrooms, in height or with a garden, all of them with an avant-garde design and large terraces with views of the Mediterranean Sea and the golf course. The complex also has a swimming pool, private social club, children's play area and recreational areas where you can enjoy your free time. Walking through the development is like walking through the hallways of an art gallery. The spacious spaces and outdoor common areas, modern in
