Look at this well maintained Carmen style villa on a big plot with private swimming pool and with a huge, South-West facing, wrap around terrace. Lovely area to relax and enjoy outdoor living. You enter the property through a gate where you will have the drive way to park your car. At the left you will have the front garden area. This has a big pool with tiled terraces around and the rest of the garden is gravelled for low maintenance. This is South-West facing, so you will have the sun all day. With a few steps you come on the wrap around terrace which is part covered to provide you with shade for the warmer summers and an open part. With this terrace you have the best of both worlds. Overlooking the front garden and pool area, it is a lovely place to sit and relax. Entering the property through the front door, we have the kitchen at the left. It is of a good size and white goods are included. In front you have the open plan lounge/dining room, which is spacious, and it has a fire place. From the lounge you come into a small hallway with extra built in storage cupboard. There are 3 good size double bedrooms with built in wardrobes. The master bedroom has its own en-suite shower
