This is the PISO PILOTO of Hacienda casares, this property was already sold, but they had to pull out and it has just come back on the market. This is the only unit that is sold fully furnished and has the south corner top floor in Madreselva (remember this unit does NOT have parking in the block). Lovely quiet urbanisation and in an growing area of Cortesin, prices here have doubled in the last 8 years. There is space for a pool and a childrens park and they tell us the licenses have already been improved. These units have lots of outside space and that is the beauty of this urbanisation. Located next to the golf course with Panoramic views including seaviews. Lifts in the block. This property is a two bedroom, two bathroom penthouse with large open kitchen. Check the photos and contact us if you have any questions or would like to arrange a viewing, We have ONE OTHER unit still available PRICED 155.000 EUROS - Atico E, do not wait to long, this is the last phase now for sale in Hacienda Casares!
