N/A

Country house to renovate only 3km from Puerto de Mazarron. This house has very good road access. There are two roads which lead to the shops, bars, restaurants and local beaches. The main plot is behind the house on a hill and there is a lot of rock. To the side of the house are outbuildings, which were originally animal houses. The house has mains electric and water and is set in a small hamlet, which has a church and social hall.
